

87) What is the default rollback policy in a JUnit test, when you use the SpringJUnit4ClassRunner and annotate your @Test annotated method with @Transactional?

```
@RunWith(SpringJUnit4ClassRunner.class)
@ContextConfiguration(locations = {"testContext.xml"})
@Transactional
public class ServiceTest {
    // Code here
}
```

Transaction rollback and commit behavior

By default, test transactions will be automatically rolled back after completion of the test; however, transactional commit and rollback behavior can be configured declaratively via the @Commit and @Rollback annotations.
